

Secop Release BD35F-xx and BD50F also for R1234yf incl. UL Approval and Type Label Update

Reason

Secop makes regular improvements to our customer solutions. As part of this commitment, we now provide the BD35F-xx's and BD50F's released for R134a and R1234yf.

The upgrade includes the update of the UL approval, which now covers R134a and R1234yf, and a warning label for R1234yf only.

Code Numbers

The updated compressor can be ordered under the same code number:

BD35F	101Z0200 / 101Z0204
BD35F-B	101Z0205
BD35F-HD.2	101Z0216
BD50F	101Z0203 / 101Z1220

Customer-specific compressors will also receive an update:

BD35F	101Z0220
BD35F-HD	101Z0206

The electronic units will also stay the same. Please check the respective datasheets.

Release Date

The upgrade for the compressors will be released on September 15, 2024.

Further Information

Please contact your local Secop representative if you have any questions.
